

# aloeVera

Aloe Vera, the lily of the desert, is known as the plant of immortality due to its many medicinal effects.

The leaf of this plant contains over 75 nutrients and 200 active compounds, which help in the formation of a healthy dermis and fights against skin damage.

In textiles, Aloe Vera is embedded into the fabric, which prevents aging of the skin and keeps skin free from microbial infections.

## KEY BENEFITS

---

Rejuvenates skin

Soft to touch

Fights against skin damage
